

Coronavirus disease 2019 (COVID-19)

General Communication

Dear Residents, families, representatives and staff,

The Australian Health Protection Principal Committee (AHPPC) recognised the importance of the measures taken by the Victorian Government yesterday, 22 June 2020, which seek to reduce further spread and the development of new outbreaks. The Victorian Government has identified the local government areas (LGAs) of Hume, Casey and Brimbank, Moreland, Cardinia and Darebin as the focus of current outbreaks of concern. The AHPPC strongly discourages travel to and from those areas until control of community transmission has been confirmed.

Altered conditions to visitor access

All visitors given special consideration to enter our home during this current period of restricted access will be required to undertake a screening checklist which now includes additional criteria around travel from and into local government hot spots in Victoria.

Access into our home will be denied for those that do not meet the criteria;

Upon initial presentation:

- Provide evidence of the having had the 2020 influenza vaccination (this must be in the form of a report/document or signed declaration from the health professional that administered or Medicare document).
- Watch an educational video on hand hygiene and undertake a practical handwashing assessment.
- Sign off on visiting agreement

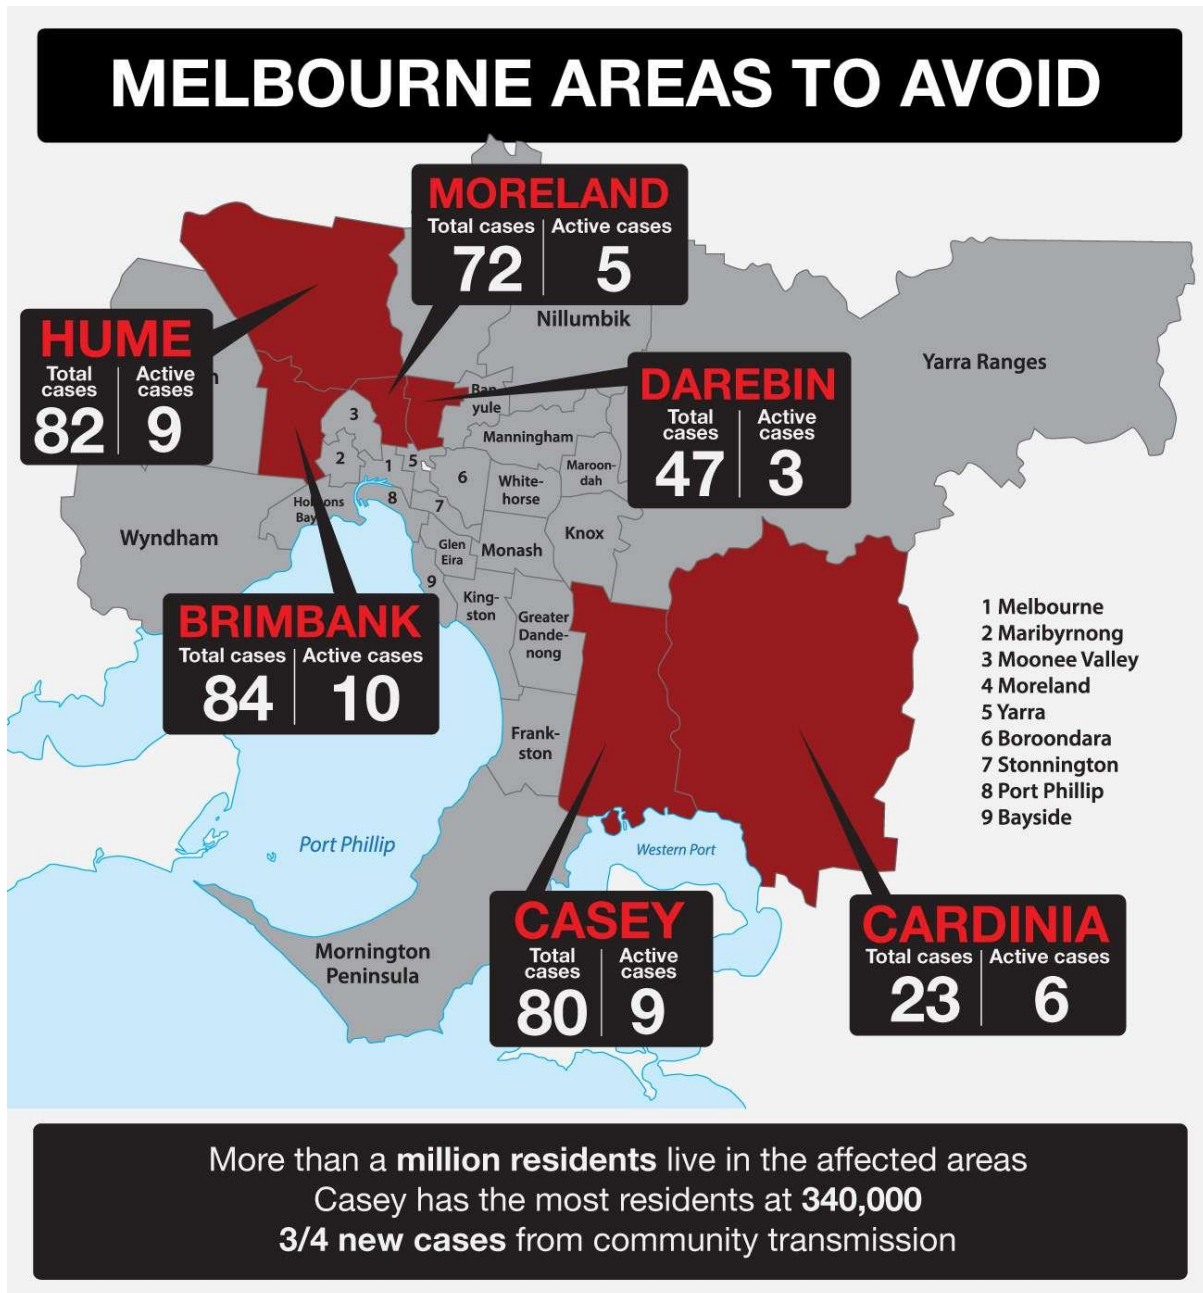

Daily screening:

- Undergo temperature check, if your temperature registers above 37.5 degrees, you are considered to have a fever which is a symptom of respiratory illness and COVID-19 and you will be denied entry and advised to seek medical attention.
- Answer screening questions related to your general health, exposure to those with COVID-19 or suspected of having COVID-19 and your immunisation status against influenza.
- All visitors who have travelled from interstate in the preceding 14 days will be denied entry.
- All visitors who, from 22 June 2020 have travelled from or visited a local government known hot spot within Victoria will be denied access into our home.

The only exemption for interstate or travel from or into local government Victorian hot spots is for compassionate visits for end of life care. Visitors would need to wear a mask for the duration of the visit.

Coronavirus disease 2019 (COVID-19)

General Communication

Please see the following list of towns within the local government areas that you will need to declare if you have travelled from or into from 22 June 2020.

Coronavirus disease 2019 (COVID-19)
