## Relocation of the Library and internet kiosk in Margery Cole

### The Details:

Part of Stage 3 (Lobby) building works includes relocating the Doctors office from the current location in the foyer of Margery Cole to the CBD.

In preparation for the commencement of these works in July we will be moving the library and internet kiosk from their current location to the adjacent clock room and central CBD area.

This work will commence on **3rd June 2019** and we anticipate no disruption to normal service.

Plans of the stages will be displayed in the near future and further details of the building works will be included in our June Issue of the Yallambee Buzz.
