

News Bulletin 3

Margery Cole Building Works

BFN Developments will be commencing building works at Yallambee on Monday 1st July 2019

The Details:

Fencing will be erected around the entire external site prior to any demolition or construction works commencing.

The fencing will extend to our boundary on the Elderly Citizen's Club end down to the roadside kerb and extend across to the front of Margery Cole. This will include the footpath that links Margery Cole to the Elderly Citizen's Club Rooms.

BFN will also be taking over all 6 car parks from the fencing boundary back towards Margery Cole.

Our staff & building contractors have been advised that no parking is available to them in Matthews Crescent. The intent is to have accessible parking for Elderly Citizen Club members, Village and visitors.
