

News Bulletin 6

Margery Cole Building Works

We are commencing Building Works on Monday 1st July 2019

NOISE DISTURBANCE

We understand that during our building works the residents of Waratah will have some additional noise to contend with as they demolish the existing Acacia building and then commence construction works.

Our staff will ensure that the residents are engaged in programs outside of Waratah during the main demolition phase.

The builders will start work at approximately 7.30 - 8am and finish prior to 4pm.

Please see our friendly staff if you require further assistance or information during the building works.
